

The University of Texas at Austin
Discovery to Impact

UT INNOVATION TOWER

Part of Discovery to Impact® at The University of Texas at Austin

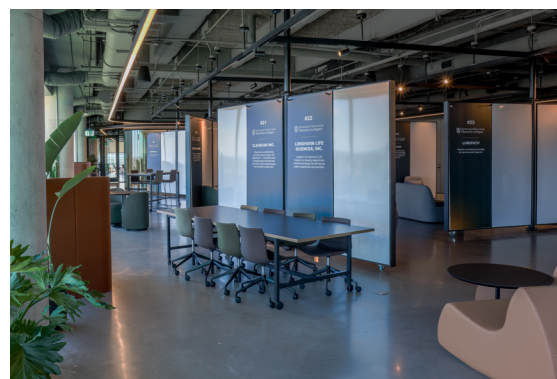

16th Floor
1300 Red River Street
Austin, TX 78701

Where the brightest minds gather and bold ideas thrive.

Discovery to Impact® at The University of Texas at Austin brings groundbreaking discoveries to market for the benefit of society. Our team serves as the bridge between campus innovators, industry, and the investment community—helping to cultivate ideas, uncover pathways to market, and foster commercial collaborations that transition academic research into products, services, and solutions that change the world.

As part of this mission, we offer innovation spaces on and off campus including the new Innovation Tower. Through curated events, strategic programming, and a vibrant innovation community, the Innovation Tower positions UT Austin and its partners at the forefront of global problem-solving and venture creation.
